UCLH PET•MRI Courses 2015

PET•MRI Study Day

Thursday 8th October
09:00-17:30

Henry Wellcome Auditorium,
Wellcome Collection, 183 Euston Road,
London, NW1 2BE

This course, supported by Siemens, will provide an introduction and overview to this exciting new technology focusing on the potential clinical and research applications of PET•MRI.

Topics to be covered include:

- PET•MRI Physics
- Tracers for PET•MRI
- Advanced Imaging Techniques
- PET•MRI Applications in Oncology, Cardiology, Neurology, Dementia and Fibrotic Disease
- PET•MRI vs. PET•CT - Case Studies and Ongoing Projects
- Future Developments in PET•MRI

This course is suitable for:

Radiologists, Physicists, and MR and MI Radiographers

Course fees: £89

Book online at: www.uclhcharitycourses.com/courses/nuclear-medicine

If you have any queries please contact Lynn Millner, Lynn.Millner@nhs.net

PET•MRI Workstation Course

Friday 9th October

University College London,
Gower Street, London, WC1E 6BT

A hands on PET•MRI workshop, supported by Siemens.

Each delegate will review PET•MRI cases on their own workstation. Cases will cover recognition of common artefacts and pitfalls, and whole body, system and organ based case tumour staging using PET•MRI.

Course fees: £89

Book online at: www.uclhcharitycourses.com/courses/nuclear-medicine

If you have any queries please contact Lynn Millner, Lynn.Millner@nhs.net

A discount is available if registering for both days.

Select 2 day option when booking online to obtain discount.

CPD Endorsement is being sought from The Royal College of Radiologists and The College of Radiographers.

Content may be subject to change without prior notification.
